

Wessonality!™

That's when you taste the salad, not the oil.

Want your salads to always taste light? Then you need an oil that doesn't taste heavy or greasy. You need Wesson Oil.

Wesson's made from 100% pure vegetable oil. It looks light. It tastes light. So light, it won't drown the delicate, light taste of your garden-fresh salads. With

Wesson, you taste the salad, not the oil. That's Wessonality. To see for yourself how light a salad can be, try our Chef Salad recipe.

CHEF SALAD: On top of a bed of endive and romaine lettuce, arrange sticks of cheddar cheese, Swiss cheese, turkey breast and ham — plus halved cherry tomatoes. Then mix ½ cup Wesson Oil with ¼ cup lemon juice, ¼ tsp. Italian herb seasoning and ¼ tsp. garlic powder. Mmmm.
