Nutrition Recipes: Maple Syrup & Baking Soda Cancer Remedy

These statements have not been evaluated by the Food and Drug Administration. This remedy is not intended to diagnose, treat, cure or prevent any disease.

Beatrice[®]

Facts on Cucumber:

This formula helps reduce the cancer cells in your body, and restores your pH balance to an alkaline base, and reduces the acidic level, which is what cancer feeds off of.

Explanation of ingredients:

-Baking soda: Reduces acidic level in the body, and helps increase oxygen levels.

-Maple syrup: Cancer lives off of sugar, which is acidic, so the maple syrup works with the baking soda as part of the delivery system, tricking the cancer.

For the full information on our other formulas, visit our web site at www.beatriceco.com

For basic use, follow this simple recipe:

- 1) Mix 3 parts organic maple syrup with 1 part aluminum free baking soda
- 2) Stir with low heat (not over 120 degrees) for 5-10 minutes

Take 3 tablespoons per day for one to two months. It it tastes terrible, you probably burnt the formula, which is easy to do.

Change your diet to no meat, and especially no sugar and white flour.
