

Lexmark Corporate Cartridge Programme

Sustainable printing that's great for your business!

Naturally, Lexmark is as concerned about sustainability as you are, and the Lexmark Corporate Cartridge Programme can help your business do its part. It's the smart way to reduce your output-related impact on the environment without sacrificing print quality and performance—and it's easy! Quality, simplicity and eco-responsibility are the key pillars of Lexmark's Corporate Cartridge Programme.

Sustainability at a new level

Lexmark is expanding the Corporate Cartridge Programme to include Corporate Cartridges for our newest mono and colour laser devices. These high quality supplies contain Unison Toner along with Genuine Lexmark new and reprocessed components. Corporate Cartridges are now available for the following Lexmark products:

- Mono: all MS and MX Series devices
- Colour: all CS and CX Series devices

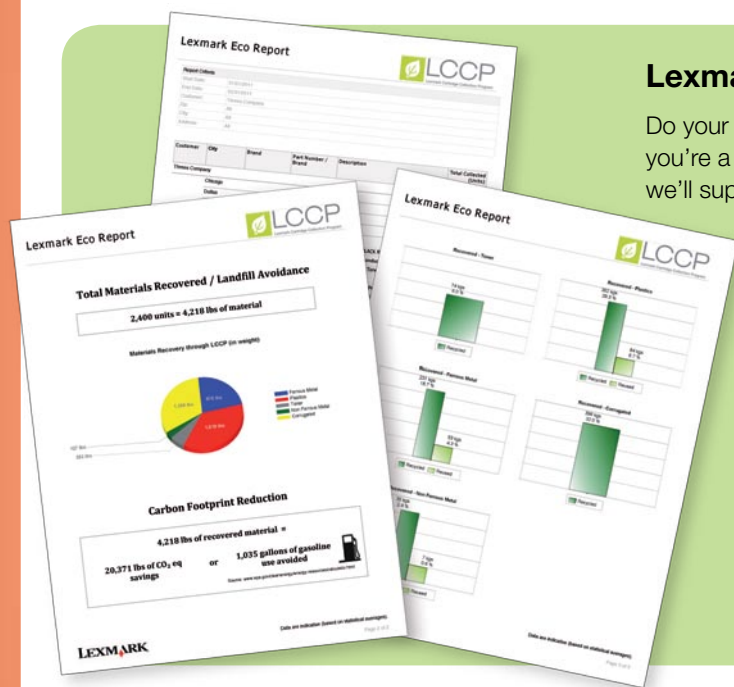

Corporate Cartridges are also available for many other Lexmark monochrome and colour laser devices. Please contact your Lexmark Representative for availability.

Backed by Lexmark's limited lifetime supplies warranty, each Corporate Cartridge is guaranteed to be free from defects in materials and workmanship. Additionally, with Corporate Cartridges, Lexmark can ensure both the consistent product availability and the high quality printing that your business demands.

To reinforce sustainability, all Lexmark Corporate Cartridges are offered only in the highest cartridge yields available for each device. High yield cartridges enable your business to:

- Print more with fewer cartridges
- Minimise waste
- Save space by stocking fewer cartridges

The Lexmark Corporate Cartridge Programme is available only for special bid customers. Please contact your Lexmark Representative for more information.

Lexmark Eco Reports Highlight Your Success:

Do your part for sustainability, and get the reports to prove it! When you're a part of the Lexmark Corporate Cartridge Programme, we'll supply you with on-going Eco Reports that let you track your progress on a regular basis.

With Lexmark Eco Reports, you'll always be ready to respond to sustainability-related questions with solid numbers and facts.

Lexmark Eco Reports Key Metrics Include:

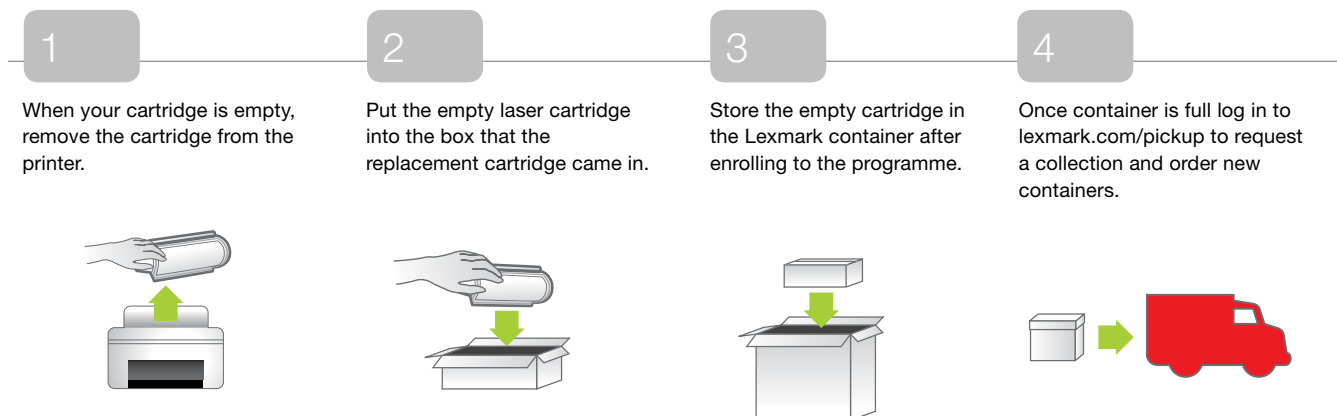

- Number of cartridges returned by location
- Kilograms of materials saved from a landfill
- Carbon footprint impact (in liters of petrol or kg CO₂ equivalent)

Please contact your Lexmark Representative to request your Eco Report.

Free Pick-Up of Your Empty Cartridges

As part of the Lexmark Corporate Cartridge Programme, you will enjoy bulk cartridge recycling – Lexmark's recycling container is a free and easy way to return and recycle your empty cartridges.

Here's How It Works

| | XS box | Office box | Pallet box |
|----------------------------|--|---|--|
| |  |  |  |
| Size (cm) | L40 x P40 x H75 | L60 x P40 x H90 | L80 x P120 x H90 |
| Recommended monthly volume | 1-6 cartridges | Up to 20 cartridges | 20-40 cartridges |
| Cartridge compatibility | Small-sized laser cartridges (ex: Lexmark E Series, Lexmark Colour Laser series) | All laser cartridges sizes | All laser cartridges sizes |

Reduce. Reuse. Recycle.

Lexmark practices zero landfill for cartridges—reusing or recycling all returns collected. Lexmark's programme is currently far ahead of current European regulations. The results show it works! The number of cartridges collected annually has tripled in four years. The number of reprocessed parts has increased five-fold during the same period. Today, 37% of Lexmark cartridges sold in EMEA are collected for recycling. And more than 3,000 tonnes of raw material have been saved from landfill. To learn more about Lexmark's recycling programmes, please visit www.lexmark.com/recycle.

Benefits of Bulk Container Recycling

- **Time-Saving** – Return your cartridges in bulk rather than individually. It's free and easy!
- **Accessible Data** – Detailed Eco Reports are always available. Your Lexmark Representative can provide them to you upon request.
- **Attractive Design** – The visually appealing container reminds you to recycle, and it shows your customers and employees that your organization is committed to sustainable practices.
- **Easy for Everyone to Use** – Just place your empty laser cartridges in the carton that your new cartridge arrived in and place it in the container. When the container is full, log in to lexmark.com/pickup to request a collection and order new containers. Whatever option you choose, it's always free and easy.

Improve the Sustainability of Your Business Today!

The Lexmark Cartridge Collection Programme is available only for Special Bid customers. Please contact your Lexmark Representative for more information.
