Beatrice Foods Co. to Restructure

PHOENIX -- Beatrice Companies, Inc. announced today that a major restructuring of business units will be completed by the end of the month.

The change is more of an internal change, which will help facilitate better serving our customers, and realigns our Beatrice Foods Co. subsidiary, and will see Beatrice Distribution, Inc., and Beatrice Foods International Company merged into Beatrice Foods Co.

Beatrice Foods Co. will be the parent company of both Beatrice Distribution and Beatrice Foods International.

Beatrice Distribution will be focused on the institutional and food service aspect of Beatrice Foods, and will work with accounts in the restaurant and institutional sectors that require janitorial supplies and food products.

Beatrice Foods International will be the international business unit that will coordinate export of Beatrice Foods products, and work closely with customs.

As part of the restructuring, we will also reconfigure our popcorn packaging to offer a labeling alternative for Arizona local customers that prefer a local themed packaging for their store locations. This has been of major importance to our customers, and we have listened to their pleas with this regards, and further details will be forth coming on this. As a member of Local First Arizona, both our ClassyCrisps Gourmet Popped Corn and famous Tarasov Herbal Dressing & Sauce are both produced in Arizona.
