

**Beatrice Interactive Media... A New Paradigm in Social Media**

Originally founded in August 2018 as RightSocial.NET, Beatrice Interactive Media has created a unique and inviting social media platform that all are welcome. Our core brand is now known as Beatrice Ink'd Social, or 'Ink'd Social'. With the increasing censorship of what the Silicon Valley tech oligarchy deem as "offensive", "hateful", or "fake", they have taken upon themselves to be the gateway to all truth and knowledge, and are no longer allowing even a modicum of free thought on their platforms, no matter how peaceful it may seem. Make no mistake, this is setting a dangerous precedent that evokes of a totalitarian ethos that can have far reaching implications. Harken back to the dark and dreary days of the USSR, or NSDAP Germany, and you will see a common theme on these two systems, which is no dissenting thought or ideas, and total suppression of liberty of thought or idea. We here at Beatrice believe in the God given right to speak your mind, and express your ideas in a constructive and peaceful manner, and the very thought of what the Silicon Valley tech oligarchy have done is abhorrent.
